Risk Management Science Summer Research Internship 2024

The Risk Management Science (RMSC) Summer Research Internship Programme provides an opportunity for RMSC students to conduct a research project under the supervision of the department teaching staff with an allowance in summer. The programme aims to encourage students to engage in research activities and to be exposed to the research environment.

Research Period

2 July 2024 - 26 August 2024

Details

1. The research topics will be offered by the supervisors.
2. The students will work at the Department of Statistics and the working dates and hours will be informed by the supervisors.
3. The students are required to present their research projects to the supervisors at the end of the Summer Research Internship Programme.
4. The allowance will be provided through the student helper engagement scheme.
5. The Summer Research Internship is not eligible for enrollment in RMSC4202 Practicum/RMSC4212 Practicum in Risk Analytics.
